## Summary metrics for all molecule maps within all BNX files

Molecule map N50: 165.347 (kb)
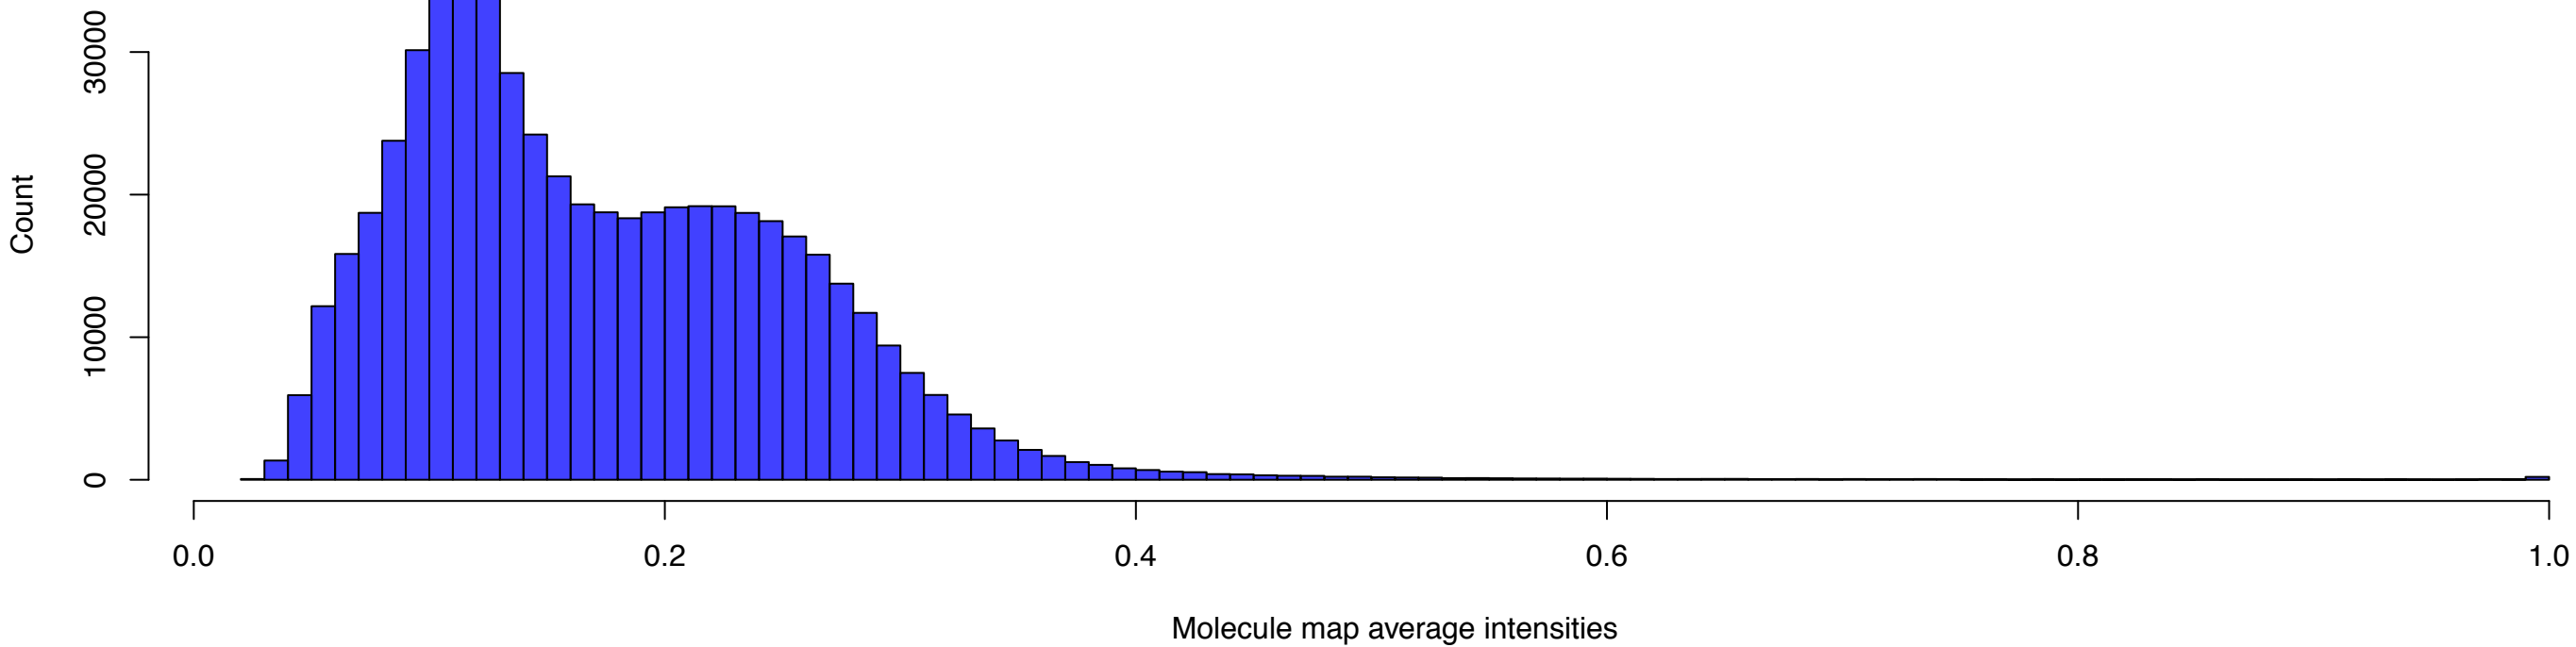

Cummulative length of molecule maps: 82738.482774 (Mb)

Number of molecule maps: 563140

Length

Count

Molecule map lengths (kb)

Average Intensity

Count

Molecule map average intensities

Average Molecule Map SNR

Count

Molecule map average SNRs

Number of labels

Molecule map average number of labels

Per molecule map average label SNR

Per molecule map average label intensity

Count

Molecule map average label intensity
